Sub: National Extension Service - South Kanara District - appointment of a draftsman in the office of the Divisional Engineer (H) -- Request for.

Ref: From the Collector of South Kanara No.B7-787/54 dated 2-2-54.

***

Please see the letter on the c.f. The Collector of South Kanara has stated that the District Rural Welfare Committee has resolved to address the Government to sanction the post of a draftsman to work under the Divisional Engineer (H) Mangalore for checking estimates prepared under the N.E.S. as the existing staff in his office is unable to cope with increased work. Submitted that according to the existing procedure the estimates for all works the cost of which exceeds Rs.500/- should be sanctioned by the Divisional Engineer (H) and technical sanction accorded before the Collector administratively sanctions the execution of the works. This will necessarily involve some work in the office of the Divisional Engineer (H). Though this is not new as a similar procedure was followed under the Rural Welfare Scheme, it cannot be said that the work has increased very much now due to the introduction of National Extension Service. No other District has made such a request. Further the cost of staff if sanctioned will have to be borne on state account. Until such request become more persistent there seems to be no need to comply with ~~his request.~~ the proposal of the Coll. of S. Kanara ~~H. and Finance may see for remarks with the top file.~~

The request may be negatived.
